Class	A

DESCRIPTION:

Exemplifying the latest in Sunseeker's exceptional design capabilities, the Manhattan 55 has been meticulously designed to enhance comfort and cruising whilst providing owners with a vast array of social spaces– usually only seen in larger yachts.

The exterior styling incorporates unparalleled amounts of curved glass and stainless-steel detailing to emphasise its prowess, whilst exclusive images reveal the innovative design and attention to detail that has gone into this new flybridge model.

A key feature that truly sets the Manhattan 55 apart from its peers is the innovative powered glass cockpit/galley window that can be lowered at the touch of a button and which, alongside the open cockpit door, creates a truly exceptional inside/outside environment.

The Manhattan 55 enables its owner to enjoy the sumptuous space the open layout provides, showcasing the wonderfully well-equipped bathing platform and Beach Club. This area offers an inviting space for family and friends to enjoy the optional built-in barbeque, overhead shower and fold down transom seating.
