Capacity	8
Total Power	1950 HP
Engine	2 x MTU 12V 2000 M96L
Fuel	Diesel
Engine Hours	
Class	A

DESCRIPTION:

This stunning 2018 Sunseeker 95 Yacht is the perfect combination of luxury and performance. She is powered by twin MTU 12V 2000 M96L diesel engines that give her a top speed of 26 knots and a cruising speed of 22 knots.

The 95 Yacht is designed to offer the best of both worlds, combining the spacious elegance of a superyacht with the practical advantages of a yacht in this size category.

The 95 Yacht is a versatile yacht that is perfect for both cruising and entertaining. This yacht is perfect for anyone who wants a luxurious and comfortable yacht that is also capable of cruising long distances.

She is sure to turn heads wherever she goes.

She has four staterooms that can accommodate up to 8 guests, plus four crew accommodations.

The twin level Owner's Stateroom is filled with light by the use of a double aperture window, which allows light through the hull structure and also the stateroom walls themselves.

The main saloon, which is structurally supported in a unique way, allows extra light to engulf this vast area, which is more than is possible on a traditional craft.

With the separate Raised Pilot House, the 95 Yacht offers a commanding view whilst underway and means the crew can move about the craft with little disturbance to guests.
