DESCRIPTION:

You never get a second chance to make a first impression.

The Sunseeker 76 Yacht lifts expectations to another level thanks to an all-new hull and superstructure boasting a vast expanse of glass.

The influence of the owners interior design with the wonderful gloss Black American Walnut Wood Finish Interior throughout increasing the luxurious feel.

Also she benefits from the larger engine option with tops speeds of 34 knots.

Along with an extensive selection of optional extras this is a fantastic example of a 76 Yacht.

She is ready to go for her next owner. Viewing is highly recommended.

Please note the tender isn't included

From the pier through the gangway, you will reach the large Cockpit area with a seating area on the Port side at the back. Looking into the salon, you'll see the spacious layout with low-level furniture on either side. The open-plan galley is on the starboard side, across from an elegant round dining table. A step up leads to the helm deck, featuring a cozy corner sofa. On the Port side of the salon, a 55" TV is available alongside a comfortable lounge area for family evenings. Large windows on both sides provide views of the sea and fill the space with natural light, creating a spectacular environment with a nearly 360 degree perspective. The combination of 'antique brown' and 'white' granite work surfaces and plush carpet adds to the spacious feel.

Descending to the lower deck via the wide staircase, you turn right to the owner's cabin and find the VIP and Guest cabins on the left. The entire lower area is fully carpeted, showcasing discreet, minimalist furnishings. The owner's cabin has a lounge, dressing area, large wardrobes, and an en suite bathroom at the back, along with a 55" TV by the king-size bed. Moving forward, there's a generous Double Guest Cabin with en suite on the port side and a stylish Twin Guest Cabin convertible to a double on the starboard side, also with en suite. At the bow is the Forward VIP Guest Cabin with en suite, designed for spacious simplicity. All cabins feature large windows that bring in plenty of natural light, creating a welcoming atmosphere.
